Portrait Poems

LONG EARED OWLS

SPRING 1 2023

## FORCES OF NATURE!

## MATHS

This half term year 5 will be: exploring and calculating decimals investigating shapes, looking at the link between decimals and fractions, exploring the 4 operations and converting measures.

Year 6 will be: exploring working with numbers, calculating fractions and decimals, grids and co-ordinates, parts and percentages, mental multiplication and division and measures. We will also do a SATs practise week.

## MFL

We will continue our understanding of French, by exploring animals, food and looking at important dates in the calendar.

## SCIENCE

In Science this half term, we will be looking at forces and magnets. We will explore gravity, friction and air resistance.

We will then move on to look at water resistance, levers and pulleys before exploring gears.

## RE

Why is the Torah so important to Jewish people?

## PE

Invasion Games Basketball/Netball  
Dance

## GEOGRAPHY

Our focus this half term is Our Local Area with a link to Charles Darwin. We will explore how the land in our local area is used and identify climate features and settlement features too. At the end of the topic we will look at rivers, mountains and hills within the local area.

## DT

Building Bridges

## MUSIC

Life Cycles (Structure)

## COMPUTING

Data & Information Spreadsheets

## PSHE

We will recap Online Safety at the beginning of the term. Our question focus is What makes up a person identity?
